

# CONSERVATION

CONSERVATION  
at TCHC

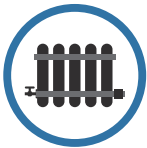

## at Toronto Community Housing

### Natural gas conservation: stay warm in the winter

Dress in layers of warm clothing

Keep vents and radiators clear of obstructions

Open the curtains during the day

Keep windows closed when it's cold outside

### Electricity conservation: stay cool in the summer

Turn off your air conditioner when leaving your unit

Clean your air conditioner's filter once a week

Open windows at night to let cool air in

Make "no cook" meals to keep your home cool

### Keep your community clean

Don't use black bags in the recycling bin

Put garbage in small bags only

Put recycling in the blue bin only

Put organics in the green bin only

### Water conservation

Turn off the tap when you're not using the water

Always run a full load in the washing machine

Report leaks to the Client Care Centre
